

# JOSEPH K ANOJ

Full stack Developer | Software Developer

[josephanojk@gmail.com](mailto:josephanojk@gmail.com) | +91 9744788125 | <https://josuk22.github.io/Portfolio> | <https://linkedin.com/in/joseph-k-anoj>

## SUMMARY

Passionate Full Stack Developer with hands-on expertise in JavaScript, React.js, and Node.js, alongside experience in front-end and back-end development. Proven ability to develop responsive, user-friendly applications using modern web development tools and practices. Strong skills in solving problems and collaborating with cross-functional teams. Committed to writing clean, modular and maintainable code with emphasis on performance optimization.

## EXPERIENCE

### Full Stack Developer Intern – Cuvette

01/2024 – 07/2024

- Developed "Quizzie", a MERN-stack Quiz Maker application, following Figma designs and adhering to responsive design principles.
- Created "Task Manager", a MERN-stack application, tailored to specified requirements and optimized for speed and scalability.
- Developed a MERN-stack web application (*Form-Bot*) from scratch based on Figma designs and specified requirements, using only modular CSS.

### Publicis Sapient – Associate Developer L1

02/2022 – 12/2022

- Worked on an eCommerce web application for an Australian client using Salesforce Commerce Cloud.
- Led the frontend design and development of a hotel management website with room reservation functionality and backend authentication.
- Participated in code reviews and collaborated with the team to ensure adherence to best practices.

## EDUCATION

### Computer Science Engineering – Sahrdaya College of Engineering and Technology

2017 - 2021

- Acquired foundational knowledge in programming languages including C/C++, Java, Python, and SQL.
- Successfully completed a group project (Cipher Home) focused on ML and IoT.
- Contributed to the development of a Machine Learning, Object Detection Project.

## PROJECTS

### React Notes App, Notes App 2.0 :

- Designed and implemented a simple React Notes app that stores data in local storage.

### Versa Hub :

- A simple multi-purpose web app that allows users to take notes, shows weather updates, news and latest movie details of the selected genres.

### Developer Portfolio Website :

- Designed and implemented an easily customizable react portfolio website.

### Pokemon – Memory Game:

- Designed and Developed a Pokemon-themed memory game using React.
