JOSEPH K ANOJ

Full stack Developer | Software Developer

josephkanoj@gmail.com | +91 9744788125 | https://josuk22.github.io/Portfolio | https://linkedin.com/in/joseph-k-anoj

SUMMARY

Dedicated Full Stack Developer with extensive expertise in web development, particularly in HTML, CSS, JavaScript, React, and Node.js. Leveraging a Bachelor of Technology degree and hands-on experience in Salesforce Commerce Cloud, I am committed to crafting visually appealing and responsive web applications. Proven problem-solving skills and meticulous attention to detail and quality.

EXPERIENCE

Full Stack Developer Intern – *Cuvette*   *01/2024 – 07/2024*

• Developed "Quizzie," a MERN-stack Quiz Maker application, allowing users to create and take quizzes, based on Figma designs without modern CSS libraries.

• Created "Task Manager," a MERN-stack application, tailored to specified requirements and Figma designs.

• Developed a MERN-stack web application (*FormBot*) from scratch based on Figma designs and specified requirements, using only modular CSS.

Publicis Sapient – *Associate Developer L1*   *02/2022 – 10/2022*

• Successfully completed training in Web Development and Salesforce Commerce Cloud.

• Worked on an eCommerce Web Application for an Australian client using Salesforce Commerce Cloud.

• Collaborated on a group project to create a Hotel Management website. Designed and build the frontend for room - reservation and backend for authentication pages.

EDUCATION

Computer Science Engineering - *APJ Abdul Kalam Technological University*   2017 - 2021

• Acquired foundational knowledge in programming languages including C/C++, Java, Python, and SQL.

• Successfully completed a group project (Cipher Home) focused on ML and IoT .

• Contributed to the development of a Machine Learning, Object Detection Project.

PROJECTS
